FR, MA

## EDUCATION

X Uni

Oct 2017- Sept 2018

Master of Research X

- X element, X subject.
- X, X, X.

Ecole X

Sept 2014-Sept 2017

Applied Mathematics

- X Cycle with Major in X.
- Stochastic X, Simulation and X, Advanced X, Random X.

X

Sept 2013-June 2014

B.Sc. EconomiXs and Applied X

- X Analysis

## WORK EXPERIENCE

X Researcher, Internship

April - September 2018

Tokyo

- Study and implementation of X.

Quantitative X Intern

April - August 2017

London

- Implemented a X.
- Reviewed X.

X Analyst

June - August 2016

Paris

- Developed a VBA X

## PROJECTS

Variance Forwards Model and Volatility Derivatives

Sept 2016- March 2017

Department of Applied Mathematics , Ecole X

- Studying X Model

An X forecasting system

Sept 2016- December 2016

Data Challenge, Data Science and Mining Team

- Predicting the number of X .

Optimization of X in France

June 2015 - May 2016

EDF

- Worked on developing X. In charge of X.

## SKILLS

Python

C/C++

Matlab

VBA

Java

PHP

## LANGUAGES

X
